## DEMAND MADE ON NICARAGUA FOR REPARATION

Ships and Men Being Rushed to The Isthmus of Panama to Vindicate Nation's Honor.

ALL SAFE FROM BURNT BOAT.  
Only Twenty Lives Saved From Burning Mine—Standard Oil Company to Appeal.

(Associated Press Morning Service.)  
WASHINGTON, November 22.—Secretary of State Knox has announced that a demand has been made upon Nicaragua for reparation for the killing of the two Americans, Cannon and Grace, who were shot last Thursday, along with five hundred other prisoners by order of President Zelaya.

Prompt and effective steps are being taken to enforce the demand made upon President Zelaya by Secretary Knox, who is acting in accordance with the attitude taken by President Taft. The cruiser Buffalo has been ordered to proceed immediately from Magdalena Bay to Panama.

PHILADELPHIA, November 22.—Repairs on the armed transport Prairie, which is in the navy yard here, are being rushed on orders from Washington. It is expected that as soon as she can be got ready she will sail for Panama with 400 marines.

### PASSENGER STEAMER BURNED.

LOS ANGELES, November 22.—The shipwrecked passengers and crew of the burned steamer St. Croix arrived here yesterday. They were famished and completely exhausted from hunger, exposure and exertion. They had camped on the beach all night, after having been taken from the ship on the lifeboats and life-rafts and were unable to get anything to eat.

The hulk of the St. Croix is floating about in the sea a derelict near where she was abandoned. The cause of the fire can not be explained.

LOS ANGELES, November 21.—The steamer St. Croix, bound from San Pedro for San Francisco, caught fire when some distance at sea last night and in spite of hard work on the part of the crew burned to the water's edge. As soon as the fire was discovered, the vessel was headed in for shore, but, when she was three miles out, off Point Duma, the flames had gained such headway that it was necessary to take to the boats.

The St. Croix had eighty-two passengers and these, together with the thirty-six members of her crew, were all taken off in safety on the lifeboats and life rafts and landed on the beach where they camped last night.

It was thought that the boat could be brought to port and in consequence when the order came to man the boats the passengers were unprepared. They had no opportunity to secure their personal baggage.

### THE COAL MINE HORROR.

CHERRY, Illinois, November 22.—Ten more bodies have been recovered from the St. Paul. Ninety-eight are known to be dead. One hundred and ninety-eight are still missing, and hope for the rescue of any of them before death ends their suffering is rapidly diminishing.

Of the seventy-two who were brought out alive on Saturday, all but twenty-two died during the day, and two more have succumbed since; this leaves little hope of saving alive any others who may still be alive in the mine.

### THE CUSTOMS SCANDALS.

WASHINGTON, November 22.—President Taft, William Loeb Jr., collector of the port of New York, Secretary of the Treasury MacVeagh and Attorney General Wickersham will hold a conference tomorrow to decide upon further action in connection with the customs scandals that have been unearthed by Loeb.

### STANDARD OIL WILL APPEAL.

NEW YORK, November 22.—General Counsel Elliott of the Standard Oil Company announces that the corporation will appeal to the Supreme Court of the United States from the decision of the United States circuit court which declares the Standard Oil to be an illegal combination and a monopoly in restraint of trade. The company, he says, will cheerfully abide by the outcome of the proposed appeal.

### ASTOR'S YACHT SAFE.

WILLEMSTAD, November 22.—The yacht Nourmahal, with John Jacob Astor on board, is reported to have arrived at San Juan on November 13.

TAMPA, Florida, November 22.—The wireless station at Guantanamo has overheard a conversation which confirms the report that John Jacob Astor's private yacht, which it was feared had been lost in the storm, is safe.

### PANAMA CANAL REPORT.

MANILA, November 22.—It is unofficially reported here that Admiral Sperry's Pacific fleet in the target practice, which has been concluded, made a better record even than the excellent

record made by the Atlantic fleet recently.

WASHINGTON, November 22.—The eagerly-awaited report on the Panama Canal has been made public.

### COASTWISE SUSPENSION.

(Special to Advertiser.)  
WASHINGTON, November 21.—Secretary Ballinger recommends to Congress the temporary suspension of the coastwise shipping laws in so far as they apply to passenger traffic to and from Hawaii.

Secretary Ballinger also recommends the amendment of the Hawaiian land laws along the lines laid down by the territorial legislature at the special session held at Honolulu recently.

The Wright boys will make no more flights for exhibition purposes. They are not in the airship business for either health or sport.—Toledo Blade.

### THANKSGIVING TURKEYS.

Yee Hop & Company, King street between Maunakea and Kekaulike, have large shipments of live and frozen turkeys and chickens for Thanksgiving which will be sold at lowest market prices. These fowls are fat, being specially selected and well cared for. A large shipment of island turkeys, chickens, etc., will arrive by the Mauna Loa tomorrow morning from Hawaii and Maui. Yee Hop & Company will keep open every evening up to Wednesday night, and will open Thursday morning up to 10 o'clock. Orders should be placed as early as possible.

Twenty-five per cent of the gate receipts to the defeated party comes pretty near putting pugilism in the list of "can't lose" games.—Washington Star.

"When I was a boy," remarked the man on the car this morning "nearly every house had a gate in front of it, which helped to make Halloween interesting."—Toledo Blade.

During all these centuries in which we have sought the north pole little did we reckon the power it possessed to heat things up.—Life.

### EYES CAN KILL

A prominent lawyer in this city admitted he had no idea that all his nervousness, loss of memory, sleeplessness and other consequent disorders of mind and body were due to eye strain.

Sleep is impossible if the nerves are not at rest. The nerves rule the body. Eye troubles are often the result of shattered nerves and stomach disorders. If you cannot sleep, it's probably due to your eyes!

# HONOLULU, LIMITED

Honolulu's present area can take care of ten times her present population, but her future population will have to pay ten times the present prices for her limited area

Honolulu today is a cosmopolitan city with a limited area, and a few years hence will be a large metropolitan city with a small area. Unlike the mainland cities, Honolulu cannot spread out. On the west are the low levels and the Oriental quarters; on the north, the Koolau mountains, and on the south and east, the sea; thus giving the city a permanent oblong shape. These limits are fixed by Providence and will always remain the same. Honolulu moving along with this progressive and Panama age, has a population rapidly increasing with millions of dollars for development. This increase in population and development must be provided for by the same area Honolulu always had and always will have. Greater Honolulu must live in the same space that is now required for the present Honolulu. With such conditions it is absolutely certain that city property, especially desirable residential property, will increase many times its present value. The business men are just beginning to realize Honolulu's limited situation and have practically withdrawn all of the down town business property from the market, while the trustees of the large wealthy estates are leasing rather than selling residential property. Every young man, young lady and married couple desiring a good investment as well providing a beautiful homesite for the future, should take the advantage of our liberal offer in the Kaimuki New Ocean View District and thereby become a part owner of Honolulu's limited area, that some day will have an unlimited value.
